18.1 What the insurance covers

The insurance covers permanent disability of at least 5 % and death due to a *bodily injury* sustained during the trip.

18.1.1 Disability

The degree of disability is assessed once your condition has stabilised meaning that your state of health is no longer expected to improve or change significantly. However, the degree of disability will if possible be determined no later than 3 years after the *bodily injury* occurred, but may be deferred as long as necessary on the grounds of medical experience or with reference to the available rehabilitation facilities.

The assessment of the degree of disability is based on the injuries and symptoms that objectively can be established as being caused by the accident. The disability compensation constitutes the percentage of the capital amount corresponding to the level of disability.

The degree of disability is assessed by Europæiske ERV according to the medical level of disability according to the disability scale of the Danish Labour Market Insurance that was applicable at the date of the injury, without taking account of your profession or *leisure interests*.

It is a condition for the payment of compensation for degree of disability that you are alive at the time of payment.

If you disagree with the degree of disability assessed by Europæiske ERV, you have the opportunity to obtain an opinion from Arbejdsmarkedets Erhvervssikring (AES). If the AES sets the degree of disability higher than assessed by the Europæiske ERV, then Europæiske ERV applies this degree for payment and also refunds the fee to AES.

18.1.2 Death Compensation

The right to compensation in the case of death exists if the *bodily injury* causes your death within 3 years of the accident.

If compensation for permanent disability has already been paid for the same *bodily injury* by Europæiske ERV or if entitlement to such compensation exists but it has not yet been paid out the disability compensation will be deducted from the death compensation.

18.1.2.1 Beneficiaries

The compensation will be paid to your closest *relatives* or, where no such relative exists, your legal heirs unless you in writing have informed a named beneficiary to Europæiske ERV.

18.2 Maximum compensation

- Disability is DKK 500,000 per insured per trip.
- Death is DKK 25,000 for persons below the age of 18 years. For persons at the age of 18 years and above the maximum amount in case of death is DKK 100,000.

18.3 Limitations / Exclusions

- Under no circumstances can the level of disability used for calculating compensation exceed 100 %.
- A *pre-existing* disability cannot lead to a higher degree of compensation than it would if such a disability had not been present.
- In the event of a *bodily injury* during a flight you receive compensation only if you have been a passenger on an aircraft of designated nationality in regular service or on charter. Passengers are considered to be only those persons on board who do not have a task related to the flight.

The insurance does not cover

Expenses related to doctor's certificates, medical records, residence certificates etc. are not covered by the insurance. These expenses must be paid by you.

In the event that your travel companion passes away, suffers a serious unforeseen illness or sustains an injury, co-travelling family members and up to 3 insured can cancel. Index regulation

Index regulation of the insurance sums

The stated insurance sums are not regulated.

Index regulation of the premium

The premium is index regulated every year on the policy's main due date on the basis of the consumer price index published by Statistics Denmark for June the previous year. The index shows the development in prices from June two years ago in relation to June the following year. In the event that the consumer price index is no longer published or the basis of its calculation is changed Europæiske ERV is entitled to set new rules for index regulation in the future.

Premium

The premium is based on the selected covers, the age of the insured and sums insured.

A supplement to the premium is payable from the date on which the insured party reaches 60 years of age.

Age on the date the insurance policy enters into force or upon annual renewal	Supplement to the premium
60 years	28%
65 years	22%
70 years	14%
75 years	13%
80 years or more	11%

Upon the first renewal of the insurance following the insured's party's 60th birthday the premium will be adjusted automatically with the supplement stated above. The stated percentages are rounded, the adjustment is carried out with decimals. The adjustments only apply to basic covers, not add-ons as for instance Luggage cover.

This adjustment is part of the insurance agreement and must therefore not be regarded as a change to the insurance policy.

When you take out a Family cover the premium pr. person is based on the oldest co-insured on the policy.

Collection of premium

Payment is demanded via NETS Direct Debit Betalingsservice, payment slip or another agreed form of payment. Depending on the form of payment, Europæiske ERV may add an administration fee.

General terms

The payment demand will be sent to the address you have given to Europæiske ERV. You must inform Europæiske ERV immediately if you change your address.

When collecting payment of the premium, the non-life insurance fee / insurance premium tax is calculated and added to the premium in accordance with the applicable law on fees for non-life insurance policies or any other fees payable to the government.

The premium must be paid in accordance with the payment information and deadlines stated on the invoice in order for the insurance to be valid.

First premium

It will appear from the invoice on the first premium payment when the insurance will lapse if payment is not made in due time.

Pursuant to FAL § 17(2), special rules apply to the payment of the first premium. Thus, if you have not paid your premium within 7 days of receiving the invoice from us, our insurance offer will automatically lapse. Please note that in case of non-payment, we will not send reminders or payment reminders to you

Payment of subsequent premiums:

If the premium has not been paid in due time Europæiske ERV will send a reminder which includes information on the consequences of late payment. Europæiske ERV is entitled to charge an administration- and reminder fee.

In case of delayed premium the insurance lapses and possibly the right to ongoing compensation lapses thereafter.

Changes to premiums and terms and conditions

Europæiske ERV can, at any time and without specific reasons, notify changes to the insurance, including but not limited to changes to insurance conditions, premiums, excesses and insurance sums.

At least 30 days' warning should be given before the main due date for the insurance policy. If you pay for the insurance for a new period you are simultaneously accepting the notified changes.

Index regulation or changes resulting from legislative changes are not regarded as a change to the insurance policy that warrants notification.

Cessation of the insurance

The Annual Insurance will normally run for 1 year at a time and will be renewed automatically until you or Europæiske ERV terminate the insurance.

Right to withdrawal

There is no right to cancellation for travel insurance policies providing cover for up to 30 days.

In case of travel insurance policies providing cover for more than

30 days the following right of cancellation applies:

- a) You have the right to cancel in accordance with the law on insurance agreements in force at any given time.
- b) The deadline for the right of cancellation is 14 days. The deadline is calculated from the day on which the insurance terms and conditions are sent to you/received by you, but no earlier than the time at which you have received notification that the insurance agreement has been completed. If the deadline expires on a public holiday, a Saturday, Sunday or Constitution Day, you can wait until the next working day.

Cancellation of the insurance by you or us

The travel insurance will cease automatically when the policy period expires.

The insurance can be cancelled in writing by you or by Europæiske ERV when there is at least 30 days' notice until the expiry of the policy period.

In addition, you can always cancel the insurance by giving 30 days' notice to the end of a calendar month. If you take advantage of the opportunity to cancel the insurance with a shorter notice period, Europæiske ERV is entitled to charge a fee.

Cancellation by you or us in connection with a reported claim

Following every reported claim, you or Europæiske ERV can cancel the insurance by giving 14 days' notice. The insurance must be cancelled in the interval between the reporting of the claim and up to 14 days following Europæiske ERV's payment or rejection of the claim. We will not refund the premium if you cancel the insurance in the event of a claim.

Instead of cancelling the insurance with the same notice, we can also choose to apply restricted terms and conditions to your insurance policy if we become aware of any special risks, for example in your claims history. Such restricted terms and conditions may for example include, the requirement for prior approval for forthcoming expenses or limitations to the cover.
